

Make Something Beautiful

Due Week 2

Make a composition that you find to be beautiful, using HTML only. Push your final composition to your website using `git add .` `git commit -m` & `git push origin master`

Use ` ` to create a visual space. Otherwise, you may use the following HTML tags:

```
<p> <br> <b> <em> <hr> <a> <h1> <h2> <h3> <code> <img>
```

Compositions should...

- utilize the entire browser window (at least), and be made for a screen size of ~ 1440 x 900 (full screen)
- be written in the standard HTML syntax
- contain a `<title>` tag
- render at your github.io address
